

## Purpose Green Secures Seed Round Together with Andersen

Berlin, October 5, 2023 – Andersen advised Purpose Green on its EUR 3.3 million seed financing round

Andersen advised Purpose Green Real Estate GmbH comprehensively on the EUR 3.3 million financing round of Purpose Green co-led by well-known venture capital funds Speedinvest and Atlantic Labs.

With the freshly raised capital, the climate tech plans to further develop their services related to the decarbonisation of the building sector and expand their team and presence in Germany.

### About Purpose Green

The real estate industry is facing a major challenge: Buildings are responsible for 36% of emissions and 40% of energy consumption. It is predicted that 45% of the entire German real estate stock will have to be refurbished by 2030 and even 90% by 2050. Berlin-based climate tech company Purpose Green is on a mission to effectively address energy efficiency, CO2 emissions and ESG integration in real estate and supports owners, property managers and institutional funds with refurbishment and energy consulting. The startup was founded in May 2023 by Lucas Christel, Lennart Christel and Okitonga Memba.
